## Declass Review by NIMA/DOD

### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DEX CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center (PIC) (DIX). The photographic analysis for this particular report was performed by the Production Center (PIC).

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (I) equipment storage maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D

25X1D

25X1D

Mukachevo Military Training Area is located 5.4 kilometers (km) south of Mukachevo (Figure 1). This training area covers approximately 2,800 acres and consists of (Figure 2) a tracked-vehicle driver training course, two moving target tank firing ranges, and a probable bivouac troop training area.

The training area was covered by [REDACTED] RLY-

HOLE missions between [REDACTED]. Comparative analysis reveals that the area receives consistently heavy usage in the summer and fall months with trackage remaining relatively the same. With the exception of the addition of one tank run between [REDACTED] there have been no significant changes to this training area.

DESCRIPTION OF INSTALLATION

25X1D

Railroad Service

Rail service is available at Mukachevo.

Road Service

Secondary roads from Mukachevo serve the training area.

Aircraft Landing Strips

None in training area. Mukachevo Airfield is located 3.0 km west.

Driver-Training Area

Area M is an irregularly shaped, closed-circuit, tracked-vehicle driver-training course first observed in [REDACTED]. Level of trackage has remained relatively constant from [REDACTED].

Tank/Assault-Gun Firing Ranges

Area N1 is a 3,800-foot range with three 2,100-foot firing lanes and one moving target run at 20 degrees and one at 60 degrees. The area was first observed in [REDACTED] with two lanes. Additional lanes were added between [REDACTED].

Area N2 is a 3,500-foot range with three 2,400-foot firing lanes and one moving target run at 20 degrees and one at 60 degrees. The area was first observed in [REDACTED].

Infantry or Combined-Arms Field-Training Area or Course

Area R, a wooded area between the moving target tank firing ranges, may be utilized as a possible bivouac or troop training area.
